

Date of Assessment 1/7/2022

Review Date

Risk Level	Risk to be Considered	Mediation	Mediated Risk Level	Review Comments	Notes
3	Risk of tripping	Make sure floor is clear of obstacles/ trip hazards	1		
3	Risk of Fire	Ensure Fire Exits are clear	1		
3	Risk of injury from contact with floor	Main Hall – limit physical games to those that do not result in contact	1		Hall floor is solid with no bounce
3	Risk of injury from contact with the floor	Upper Hall has a sprung floor. But care is still needed	1		
3	Risk of contact with the walls	Advise not to run at the walls	1		Obvious statement but sadly required
3	Risk of unintentional personal contact	Ladders specific Ensure plenty of space between pairs, legs down and hands in.	1		NB Ladders is the single most risky game that kids play
3	Other physical injury	Bulldog etc.. No lifting off the ground – tag only	1		
3	Impact from ball	Use lightweight balls	1		All throwing games must be tightly controlled.
3	Trips and fouls playing football	Don't play football 😊	1		Football is not a game that is accessible for non sporty types – do not play it.
3	Other risks	Dynamic assessment throughout all activities	1		It is important to not rely on an RA, but to monitor and note any risks arising
