

Date of Assessment 1/7/2022

Review Date

Risk Level	Risk to be Considered	Mediation	Mediated Risk Level	Review Comments	Notes
3	Risk of tripping	Make sure floor is clear of obstacles/ trip hazards	1		
3	Risk of cuts from debris	Check and clear MUGA as required	1		
3	Risk of injury from contact with floor	Ensure that trip hazards are clearly identified.	2		MUGA floor is in poor condition
3	Risk of injury from contact with the fence	Ensure that there is no running into the fence	1		NB – WE have had an injury from a child running into the fence
3	Risk of degloving/ fall from climbing the fence	Stop kids climbing the fence	1		Obvious statement but sadly required
3	Risk of unintentional personal contact	Ladders specific Ensure plenty of space between pairs, legs down and hands in.	1		NB Ladders is the single most risky game that kids play
3	Other physical injury	Bulldog etc.. No lifting off the ground – tag only	1		
3	Impact from ball	Use lightweight balls	1		All throwing games must be tightly controlled.
3	Trips and fouls playing football	Don't play football 😊	1		Football should be monitored and stopped if the majority are not playing
3	Other risks	Dynamic assessment	1		It is important to not rely on an RA, but to

		throughout all activities			monitor and note any risks arising
